COAL PORT - CONSTRUCTION CONTRACTOR EXPERT DETERMINATION

The Client

Appointed jointly by the developer of major export port, and a construction contractor engaged to undertake substantial works for the port.

The Challenge

- The port developer and the contractor had reached impasse on many matters of dispute in relation to the contracts between them.
- As they were unable to resolve the disputes themselves, they appointed a panel of experts to consider and determine resolution of all the matters using the processes available to them under the contracts.

The Outcome

- The process of determination by the experts was established following a procedure well proven by Flagstaff.
- The submissions by the parties were duly lodged and considered, and a joint determination was reached by the experts following due debate and deliberation.
- The determination was published to the parties in accordance with the agreed timescale.
