

# WODONGA RAIL BYPASS ALLIANCE MANAGEMENT TEAM

## The Client

Department of Transport, Victoria

## The Project

New dual standard gauge track, including:

- New Wodonga station
- Waterway bridge crossings
- Road over rail and rail over road crossings

## The Challenge

- Flagstaff provided an Alliance Management Team (AMT) member on the DoT/ARTC/SIA alliance for the project.

## The Outcome

The AMT functions included:

- Managing the alliance compliance measures, processes, dialogue and papers
- Contractual approval processes for adjustment events
- Oversight and review of line item cost codes and final forecast cost for financial reporting and forecasting
